EXPORT TRADE CONTROL

Public Notice No. 21-ETC(PN)/81

New Delhi, the 1st April, 1981

Subject—Export policy for the period 1st April, 1981—31st March, 1982.

F. No. 19/5/80-EII.—Attention is invited to Exports (Control) Amendment Order No. E(C)O, 1977/AM(197) dated the 1st April, 1981 on the above subject.

2. The policy to be followed for export of different items during the period April, 1981 to March, 1982 is indicated against each item in Section I and II enclosed with this Public Notice.

3. This comes into force with immediate effect.

4. Pre-ban (including re-control) commitments in respect of items whose export was allowed either on de-controlled basis or under OGL-3, shall be considered by the concerned Port Licensing authorities in terms of provisions of the Hand Book of Import-Export Procedures, 1981-82.

5. In respect of items allowed for export “On Merits” no person should enter into commitments before obtaining the necessary permission for export. Applications in respect of such items should be submitted to the office of the Chief Controller of Imports and Exports, New Delhi.

MANI NARAYAN SWAMI, Chief Controller of Imports and Exports

EXPORT POLICY

Section I

EXPORT CONTROL

1. Object.—The primary object of the Government is to promote exports to the maximum extent, but in such a manner that the economy of the country is not affected by unregulated exports of items essentially needed within the country. Export control is, therefore, exercised in respect of a limited number of items whose supply position demands that their exports should be regulated in the larger interest of the country.

2. Scope.—Export Control is exercised in accordance with the provisions of the Exports (Control) Order, 1977 issued by the Central Government in exercise of the powers conferred by Section 3 of the Imports and Exports (Control) Act, 1947. This Act is reproduced in the Hand Book of Import Export Procedures, 1981-82.

3. Only items included in Schedule I to the Exports (Control) Order, 1977 are under control. No such item can be exported unless it is covered by a valid licence issued by a licensing authority competent to grant an export licence for that item. Goods which are not included in this schedule can be shipped without any export licence unless their export is controlled under any other law for the time being in force. For instance, export of antiques is regulated under the Antiquities and Art Treasures Act, 1972, whereas the export of Coffee and Tea is regulated by the Coffee Board, Bangalore, and the Tea Board, Calcutta, under the provision of the Indian Coffee Act, 1942 and the Tea Act, 1953 respectively. Likewise export of some other commodities is either prohibited or regulated under different enactments. A list of some such enactments is given in Appendix 2.

4. Notwithstanding the general rule that an item falling within the scope of the Exports (Control) Order cannot be exported unless covered by a valid licence issued by a licensing authority competent to grant licence for that item, the Order provides certain exceptions and concessions in terms of which exports can be made, in certain circumstances and to a limited extent without a licence. The details of these exceptions and concessions are given in the Hand Book of Import-Export Procedures 1981-82.

5. Exports can be made to any destination in the world. No discrimination is made, between one country and another, in the matter of issue of licences. This means that foreign buyers are free irrespective of the country to which they belong, to procure their requirements of controlled commodities from persons holding export licences or eligible to receive licences. To this general rule, the only exceptions are the Union of South Africa and South-West Africa, because of a complete ban on trade with these countries. (No export is, therefore, permitted to these countries. Border trade (i.e. frontier trade) between India and Tibet region of China shall not, however be allowed).

6. In the case of exports to Pakistan, all items require an export licence, unless they are covered by OGL-2 or OGL-4. Whether or not an item can be exported to Pakistan depends on the export policy for that item for all other countries as given in Section II. Thus, whereas the policy for export to Pakistan is exactly the same as for all other countries, for statistical purposes, it has been provided that an export licence shall be necessary for exporting goods to Pakistan. Export licences to Pakistan are issued on furnishing the following :—

- (i) Evidence of irrevocable Letters of Credit having been opened with the State Bank of India in convertible currency or Asian Monetary Unit under the Asian Clearing Union Arrangement or on any Indian Bank designated under Asian Clearing Union Arrangements, and
- (ii) Import Licence/permission from the Pakistan authorities allowing import into Pakistan of the goods sought to be exported.

In the case of commodities like Tea, Coffee etc., permission to export to Pakistan will be issued by the respective Commodity Boards.

CATEGORIES OF EXPORTERS

7. For the purpose of export licensing, there are two categories of exporters, namely, established exporters and new-comers.

Established exporters are those who have made exports of a particular commodity in the prescribed base period. Export quotas are granted to them in proportion to their exports in such base period.

Exporters who have no exports in the prescribed base period of the particular commodity concerned, are treated as new-comers, provided such exporter has the requisite experience and is able to satisfy the licensing authorities on that account.

Details are given in the Hand Book of Import Export Procedures 1981-82.

LICENSING POLICY

8. The export policy in respect of controlled commodities is given in Section II. Export application will be entertained in accordance with the policy in force. Any change in this policy will be duly notified by a Public Notice or by a Trade Notice.

9. Open General Licences.—Some commodities have been placed on Open General Licence for exports to specified destinations. In respect of such exports as are made in accordance with the conditions of the relevant Open General Licence, the

exporters will not be required to approach the licensing authorities for obtaining any export permit/licence. At present four Open General Licences are in operation, as given in Schedule III to the Exports (Control) Order, 1977 reproduced in Appendix 2.

10. Canalised exports.—(1) The items, export of which is canalised through public sector agencies are given in Annexure I to Section II. For these items, the exports will be allowed only through the canalising agencies concerned.

(2) In respect of certain commodities the export applications from individual exporters will be entertained by the licensing authorities only on the recommendations of certain designated agencies as indicated in Section II. For these commodities, export applications should be accompanied by a recommendation of the agency concerned.

11. Quota licensing.—(1) Quota licences are issued only to Established Exporters who have got their quotas fixed on the basis of their export performance in the prescribed base period. The procedure for fixation of quotas is given in the Hand Book of Import Export Procedures, 1981-82.

(2) The value for which an Established Exporter will be allowed the export quota of a particular commodity in a particular period will be determined in proportion to his base year's exports in accordance with the policy laid down.

12. New comer licensing.—Export applications from new comers will be entertained in the prescribed form and manner in respect of commodities which are allowed to be exported by them under the policy laid down, and which have not been placed on Open General Licence for exports by eligible categories.

13. Free licensing.—Some items of export have been placed on free licensing, without any ceiling or quantitative restriction. Export applications in such cases by way of endorsements on shipping bills can be made by any intending exporters in the prescribed form and manner when the goods are ready for shipment, except in the case of commodities which have been placed on Open General Licence for exports by eligible exporters.

14. Limited free licensing.—Where the export of a commodity is regulated within a set ceiling, or there is no established pattern of trade, exports will be allowed on "the first come first served" basis. The following principles and procedure will be applicable in such cases :—

1. A Public Notice/Trade Notice shall be issued, announcing the policy and indicating the Licensing Offices to which the available ceiling has been allocated for the purposes of dealing with such applications

2. Unless and otherwise indicated in the Public Notice/Trade Notice, applications will be received 15 days after the date of its issue.
3. All applications made on Form "AX" complete in all respects, received on the prescribed date, between 10.30 A.M. and 1 P.M. shall have the same priority. Such applications should be accompanied by evidence to the effect that the Indian Exporter applicant has accepted the offer of the overseas buyer to purchase the commodity, for the quantity applied for, subject only to the grant of a licence in his favour.
4. As a rule, the licensing authorities shall record, in writing the reasons for rejection of applications.
5. Each Exporter will be allowed only one application in a day.
6. No individual applicant will be allowed, on one day, more than 20 per cent of the ceiling allocated to the office concerned. If some quantity of the ceiling is left over, after disposal of the applications received on that day, the balance could be carried over to the next day for fresh applications : this could be repeated until the ceiling is exhausted.
7. Exports will be allowed by issuing an Export Licence with a validity period of 45 days from the date of issue.
8. Shipments shall be made of the quantity covered by the contract against which the licence has been issued within the period of its validity. No extension of time shall be granted except in the following circumstances :—
 - (a) The Licensing Authority, which issued the licence, is satisfied, within 7 days of its issue, that no ship is available for carrying the consignment(s) within the said period of 45 days ; or
 - (b) within the period of validity of the licence, the Licensing Authority at the Port, to which the consignment might have been carried, is satisfied that there have been delay in the arrival of the Ship within the initial period of validity.
9. In either event, an extension of upto 15 days, only shall be available for effecting the shipments. No second extension will be granted, i.e., the licence will lapse automatically thereafter.
10. After the shipment is effected but within a period of seven days of the shipment, each licence holder shall intimate to the licensing authority, which issued the licence, particulars of the shipment(s) actually effected. Also, in

case the licence is not utilised at all or only partly utilised, the licence holder shall report the position to the licensing authority concerned within 7 days of the date of shipment or the date of expiry of the licence as the case may be. Failure to do so may entail the refusal of grant of export licences for the items allowed under limited ceiling for further exports in terms of clause 5(q) of Exports (Control) Order, 1977 as amended from time to time, for the licensing period.

10. Any quantity allocated against the earlier licences which lapses for the above reasons,

shall be available again to the Licensing Office concerned for reallocation in the same manner as laid down above.

15. *Ad hoc licensing.*—In respect of certain commodities, *ad hoc* licensing for exports may be resorted to as and when considered necessary in the interest of national economy or to create new markets or to introduce new goods in the existing markets abroad. In such cases, applications for endorsements on shipping bills may be made to the licensing authority concerned by the eligible exporters in accordance with the policy as may be announced from time to time.

SECTION II
LICENSING POLICY

LICENSING POLICY**Section II****EXPLANATORY NOTE TO THE POLICY STATEMENT**

I. Export of items included in Part 'A', Schedule I to the Exports (Control) Order, 1977 is not normally allowed, but in exceptional circumstances, applications should be made to the Chief Controller of Imports and Exports, New Delhi. Such cases will be decided in consultation, wherever necessary, with the other authorities concerned.

II. The Policy Statement gives the export policy in respect of items mentioned in Part 'B' of Schedule I to the Exports (Control) Order, 1977. The entry 'On Merits' denotes that applications for the items are considered by the Chief Controller of Imports and Exports, New Delhi on an *ad hoc* basis in consultation, wherever necessary, with the other authorities concerned.

III. Notwithstanding anything contained in the Exports (Control) Order, 1977, any item required for completion of a project abroad, undertaken by an Indian Contractor/Sub-contractor/Consultancy Organi-

sation, irrespective of the export policy in force at the time of export, will be allowed for export on the basis of approval/sanction letter issued by the Projects Committee in the Ministry of Commerce. Such approval/sanction letter will give details regarding quantity, specification and value of the individual items approved for export by the Projects Committee. Export licences will be issued in the name of such Contractor/Sub-contractor/Consultancy Organisation undertaking the project by the regional licensing authority on production of approval/sanction letter from the said Committee.

IV. Exporter(s) shall be required to furnish a pre-shipment Inspection/Quality Control Certificate from the Export Inspection Agency at the time of shipment, to the Customs Authorities for items which are covered under Export (Quality Control and Inspection) Act, 1963 irrespective of the fact whether such a condition has been prescribed in the Export Policy or not.

6. (b) Meat of Indian sheep—including heart, liver, lungs, brain, tongue, kidneys and other organs

Export of Meat of Indian sheep will be allowed subject to MEP of Rs. 16/- per Kg. f.o.b. within a limited ceiling released on monthly basis on presentation of Shipping Bills/Airway Bills, subject to the following conditions :

- (i) Export of Sheep Meat only will be allowed.
- (ii) Export will be on out-right sale basis and no consignment export shall be allowed.
- (iii) The allocation of quota will be by way of endorsement on Shipping Bills/Airways Bills valid for a maximum period of 72 hours.
- (iv) The ceiling will be placed at the disposal of Fresh Meat and Live Stock Exporters' Association at Bombay and Delhi and also Gujarat State Export Corporation Limited, Ahmedabad and Rajasthan State Sheep and Wool Marketing Federation, Jaipur.

The following guidelines will be followed by these agencies in regulating the quota :—

- (a) The designated agencies should ensure that exporters purchase live sheep for slaughter from the local mandis only after the daily requirements in the domestic market are met. If the total arrival on any particular day falls short of this requirement no purchases for export should be made.
- (b) In case the condition at (a) above is met, exporters will enter the market for purchase of sheep for slaughter at a time after the domestic requirements have been purchased. In case of Delhi, this would mean the exporters will enter the mandi only after 11.30 A.M. Similarly, they will use the slaughter House only after slaughtering for domestic consumption has been done.
- (c) Allocation to individual exporters by the Association should be made on first-come, first-served basis. However, provisions of Para 14 of Export Policy 1981-82 will not apply in this case.
- (d) In view of the highly perishable nature of the commodity and also since monthly ceilings will have to be met, the validity of quota allocation to individual exporters will be 72 hours only.
- (e) In case the monthly quota remains unutilised in either Delhi or Bombay, the Association will be empowered to transfer it from one centre to another ensuring that the total export from one centre do not increase to the extent that prices are upset.
- (f) The designated Agencies will inform the Ministry of Commerce by the 7th of the succeeding month the figures of exports made during the preceding month.

(v) The export will be allowed by the customs authorities directly on the basis of quota allocation made by Fresh Meat and Live Stocks Exporters' Association. In the case of the Gujarat State Export Corporation Limited and Rajasthan State Sheep and Wool Marketing Federation, exports will be done on their own account.

ANNEXURE III

Price schedules showing F.A.S./F.O.B. prices of different varieties/grades and qualities of mica and other conditions applicable to their export

The minimum f.a.s./f.o.b. prices of different varieties, grades, and qualities of mica shall be as shown in Annexure A to E and their export shall be subject to the conditions shown in Annexures F and G.

2. Export of Strip mica cut plates, breadth of which is not more than 1/3 of the length, shall be allowed at FAS price equal to six times the price applicable to the STC size and variety of mica used in the manufacture of the exported product.

Export of:—

- (i) Stove plates and Discs. :
- (ii) Punched Washers ; and

(iii) Other fabricated mica will, however be permitted only at an FAS price equal to four times the price applicable to of—

STC size and variety of mica used in the manufacture of Stained B and better quality exported product.

Grade and variety of mica used in the manufacture of H.S. and below quality exported product.

There will, however, be no premium for thickness of any of these items.

Export of condenser cut plates will be permitted only at an f.a.s. price equal to $5\frac{1}{2}$ times the price applicable to STC size and quality of mica used in the manufacture of exported product when the area of the cut plate is below $1\frac{1}{2}$ or 805 sq. mm. and 5 times when the area of the cut plate $1\frac{1}{2}$ or 805 sq. mm. and above.

Note—for mica strips 15" and longer in widths of 1" TLT 2" and 2" and up the prices are left to be settled between the buyers and sellers, provided, however, that these prices shall not

be less than the corresponding grade price such as for OOEES OEEES, etc. as the case may be. It will also not be less than the price for the TLT 15" in width of 2" and up.

(A) SPECIAL ADDITIONS TO MINIMUM F.A.S. PRICES FOR BLOCKS BASED ON THICKNESS, THE NORMAL THICKNESS OF BLOCK MICA IS 7 MILS AND ABOVE

1. Orders requiring supply of Block Mica in thickness 10 mils and above 15% additional premium of the price of the grade and quality required in addition to the minimum F.A.S. price of the grade and quality shall be charged.

1. (a) Orders requiring supply of block mica in thickness 8 mils and above, 10 per cent additional premium of the price of the grade and quality required in addition to the minimum FAS price of the grade and quality shall be charged.

2. For orders requiring supply of Block Mica split and gauged accurately in one mil thickness, range (Such as 7-8, 8-9, 9-10 10-11, or 0. 175-0, 20,0.2 to 0.225,0.225 to 0.25 the minimum F.A.S. price for such Block Mica shall be 40 per cent higher than the minimum F.A.S. price of the grade and quality required to be supplied PROVIDED that order is placed in at least 4 consecutive thickness and provided that order for one thickness shall not exceed 40 per cent of the total order. In case an order is placed for less than 4 consecutive thickness, the price shall be 50 per cent higher than the minimum F.A.S. price of the grade and quality to be supplied, subject to the limitation provided in para 3(a) below, relating to order for one or two ONE mil range split and gauged mica Blocks.

3. For orders requiring supply of Block Mica Split and gauged accurately in 2 mils or 3 mils thickness ranges, the minimum F.A.S. price shall be calculated on the following basis :—

(a) For orders in 3 or more 2 mil or 3 mil ranges (such as 7=9 8=10, 10=12, 12=15 mils or 0.2-0, 25-0.3 mm etc. 30 per cent higher than the minimum F.A.S. price of the grade provided that such order for no one thickness shall exceed 50 per cent of the total order.

(b) For orders in TWO 2 or 3 mil ranges only—40 per cent higher than the minimum F.A.S. price of the grade provided that in such case order for no one thickness shall exceed 50 per cent of the total order.

(c) For orders in only ONE one or two mil range of thickness (E.G. 7=9, 8=10, 9=11, 10=12, or 8-9, 9-10 etc.) 75 per cent higher than the minimum F.A.S. price.

(d) For orders in only one three mil range of thickness such as 7=10 or 9=12, 11=14 etc. the F.A.S. price for such split and gauged mica shall be 50 per cent higher than the F.A.S. price of the grade 6, 40 per cent higher of the Grade 5½ and 30 per cent higher of the grade 5 and above.

4. For orders requiring supply of Block Mica split and gauged correctly in 4 mil range of thickness such as 8=12 or 12=16 mil or 0.2-0.3,—03—0.4, mm etc. the minimum F.A.S. price for such shall be calculated as follows :—

(a) For order in only ONE such 4 or 5 mil range 25 per cent higher than the floor price of the grade.

(b) For orders in TWO such 4 mil and or 5 mil range higher than the floor price of the grade 15 per cent.

If an order is placed for supply of mica split and gauged in a series of two or more thickness, with minimum jump of at least 2 or more mils in a continuous thickness, ranging from 6 mils and upwards up to including 15 mils, the floor price for such mica shall be 15 per cent higher than the floor of the grade and quality to which the mica belongs, provided that order for one thickness range shall not exceed 40 per cent nor shall be less than 20 per cent of 6 to 8 mils or 6 to 9 mils range. Provided further that against each delivery, in case of partial shipment of such order, there must be proportionate shipment of the order in all thickness ranges as far as possible.

5. The premium based on thickness of block mica mentioned above will be further increased by the following percentages :—

Grade 5½	40%
Grade 5	30%
Grade 4 and up	25%

Note—1. These premia shall not apply to mica below—7 mils except in case where an order is placed for mica in thickness of 6 mils in conjunction with mica of higher thickness as per para 5.

2.35 per cent of the supply must conform to the special range/ranges of thickness.

(B) SPECIAL ADDITIONAL PRICES FOR BLOCK MICA SELECTED TO CUT SPECIFIED PATTERNS

NOTE—These additioals are applicable only to BLOCK MICA in all qualities for grades No. 5 and up.

NOTE—For qualities of Block Mica of heavy stained and up to the sizes of grade No. 6 will be up to less than 1.3/8" dia. (or its equivalent in metric system) for price calculation of areas falling between 1.5 to less than 2.2 sq. inches for these qualities, reference may be made to para (c) below, (a) All orders of SELECTED-TO CUT MICA BLOCK of which the square inch areas (or its equivalent in the metric system) fall within the lower half of the square inch area of the grade shall be charged minimum F.A.S. price for the next higher grade.

Example—STC 2" x 3½" makes an area of 7. sq. inches or its equivalent in metric system. This falls within the lower half of the sq. inch area of grade 4. The price for this size of selected To cut Pattern will be price of grade 3 of the quality asked for.

(b) All orders for SELECTED TO CUT MICA BLOCKS of which the square inch area (or its equivalent in the metric system) fall within the upper half of the square inch area of the grade shall be charged minimum F.A.S. price for the next higher grade plus 20 per cent.

Example—SRC 3" x 3" makes an area of 9 sq. inches. this is also in Grade 4 but the area of this Selected-To Cut pattern falls within the upper half of grade 4 i.e. above 8. sq. inches. The Price of this size of Selected-T Cut Block Mica shall be the price of Grade 3 plus 20 per cent of Grade 3 of the quality called for.

(c)(i) STC Mica blocks of either circular or rectangular pattern of which the sq inch area is from 2.2 sq. inch or (15.48 sq. cm) to less than 3 sq. inch (or 19.35 sq. cm). The price of the pattern will be the price of grade 5 of the quality of Block plus 10% of the same.

(ii) Basis of calculation of minimum price for STC Blocks of which the sq. inch area is between 1 sq. inch (or 6.43 sq. cm) to less than 2.2. sq. inch for (14.48 sq. cm), except for STC sizes, for which separate prices have been laid down in the Trade Notification. Price of grade 6 of the quality to which it belongs plus 10% of the price of grade 6

PLUS
10 per cent for every 0.1(1)/10 sq. inch area in excess over 1 sq. inch area upto decimal points (0.5) and 15% or above 0.5 sq. in ch

(III) The stipulations under clause (iii) shall apply for STC Blocks of qualities stained 1 and down and for stained 'A' and better the price shall be of the Grade No. 5½ of respective quality.

Example (I) Order for STC $1'' \times 7\frac{1}{2}''$ in S.T.L. 1. quality :

The price will be as follows :

	Rs. P.
(a) Price of STC I No. 6	20.76
(b) 10 per cent extra	2.08
(c) 10 per cent extra for each 0.1 sq. inch excess over 1 sq. inch up to 5 points (0.5) and above 5 points (0.5) the rate will be 15% The area is 1.5 sq. inch thus excess is 0.5 sq. inch i.e., Rs. 2.076 \times 5	10.38
In random thickness per kg	33.22

Example (II) : Order for STC $1'' \times 2''$ in STA. 1 quality. The price will be as follows :

	Rs. P.
(a) Price of STD. I No. 6	20.76
(b) 10 per cent extra	2.08
(c) 10 per cent extra for first 5 points (for 0.5) i.e. 5×2.076	10.38
(d) 15 per cent extra for the second 5 point, (for another 0.5) i.e. 5×3.11 ;	15.55
In random thickness per kg.	48.77

- (a) The price chargeable for any STC \times size, intermediary to the specified patterns, such as $1\frac{1}{2}'' \times 1\frac{1}{2}''$ etc. shall be price for the larger of the two as within which it lies.
- (b) Shipments of a general grade of No. 7 must contain reasonable proportion of all patterns comprised in the grade and any shipment containing more than 40% per cent of only size as 22 mm. dia and or larger not be considered as a general grade to No. 7. Those restrictions of sizes will not apply to No. 7 blocks of qualities below STD 'B'.

Explanatory notes on Blocks Mica Minimum F.A.'s Price Fixation.

1. The STANDARD PHYSICAL MASTER SAMPLES prepared by the erstwhile Mica Export Promotion Council in consultation with the Mica Trade represents all the qualities characteristics except "Waviness". The factor of waviness varies from country to country and even from consumer to consumer in the same country. The degree of Flatness required also varies from application to application. In the light of the above, factor of "Waviness" is left open to be decided between buyer and seller.

NOTE—The "approved sample" may be in any of the following forms :

- (i) the sample approved by the foreign buyer and carrying his seal and signature in token thereof;
- (ii) the sample jointly sealed by the Export Inspection Agency and the exporter, the replica of which has been sent to the foreign buyer and duly approved by him;
- (iii) the sample, submitted by the exporter declaring as an approved sample of the buyer.

2. All micas from 2 mils and above to less than 7 mils in the Stained A, G.S.(M) and better qualities shall be called thin blocks or thins. They shall be allowed to be exported if their price are atleast equal to the price of 3rd quality Condenser Films. In the case of Stained A quality, the price of 2nd quality Condenser Films in the case of G.S. (M) quality and the price of 1st quality condenser Films in the case of G.S. or higher qualities.

3. All mica in qualities Stained I and down in thickness below 7 mils shall be allowed to be exported at price of block mica without any thickness premium and these may be called thin Chillas or Cleanings.

4. For the purpose of calculating the prices of Circular STC Blocks, e.g. 4" circles etc, the total area of the circle shall be calculated in sq. inches or sq. cms. The floor price and premium for such circular blocks shall be calculated on the basis of Sq. inch area, as provided for other rectangular blocks. This basis of calculation will not apply to those circular STC sizes for which prices have been fixed.

5. Any mica block that is soft and heavily mudstained with smoky stains and is also cross grained, which is lower in quality than spotted II shall be allowed to be shipped as Red/Copper Stained I or II or at a price between the two as the buyer and sellers may have agreed upon.

6. Orders placed with code words such as V-1, V-2, V-3 etc. shall also contain against each such item the corresponding quality description as specified in Government Press Note to facilitate correct assessment of the qualities during preshipment inspections.

SPECIAL ADDITIONS TO MINIMUM F.A.S. PRICES FOR CONDENSER FILMS SELECTED TO CUT PARTICULARS OR SPECIFIED PATTERNS

The minimum F.A.S. prices for Condenser Films Selected to cut specified patterns shall be calculated on the following basis:

Area of Pattern	Minus F.A.S. Price Addition
1. Less than 1.5 sq. inches or 967 sq. mm.	40% higher than the price of No. 6 Condenser Films
2. 1.5 sq. inches to less than 2 sq. inches or 957 sq. to less than 1290 sq. mm.	The same as the price of No. 5 Condenser Films.
3. 2 sq. inches to less than 3 sq. inches or 1290 sq. mm. to less than 1935 sq. mm.	10% higher than the price of No. 5 Condenser Films.
4. 3 sq. inches to less than 3.5 sq. inches or 1935 sq. mm. to less than 2257 sq. mm.	25% higher than the price of No. 5 Condenser Films.
5. 3.5 sq. inches to less than 5 sq. inches or 2257 sq. mm to less than 3225 sq. mm.	The same as the price of No. 4 Condenser Films.
6. 5 sq. inches to less than 7.5 sq. inches or 3225 sq. m.m. to less than 4837 sq. mm.	30% higher than the price of No. 4 Condenser Films.

NOTE 1. In deliveries of STC Films, there may be oversize up to 30 per cent of the bulk.

2. If the contract requires a cutting margin of 3 mm. the F.A.S., Price should be worked out by taking the total area of the condenser film into account.
3. Condenser Films of quality lower than "Third Quality" shall be allowed to be exported at prices mutually agreed upon between buyer and seller provided the deliveries of such lower quality do not contain more than 15 per cent of "Third Quality" condenser films.
4. The floor price fixed for condenser micafilms is of the normal range of thickness which is 1/2 mil. TLT 7 mils.

*Clarifications :**Condenser Mica Films*

1. Export of Condenser Films STC between 7.5 sq. inches to less than 10 sq. inches in area for which no premiums have been fixed shall be allowed to be shipped at a price of grade 2.
2. In a delivery of No. 4 Condenser Films, up to maximum 30% of No. 3 Condenser Films may be allowed to be shipped and similarly in a shipment of No. 3 Condenser Films a maximum of 30% of No. 2 Condenser Films may be allowed to be shipped. Similarly in No. 2, 30% of No. 1 may be allowed.
3. Any delivery of Condenser Films containing less than 25% pieces with slight air stains, scattered over not more than half of the usable area of a piece will be considered as first quality Condenser Films.
4. Orders for Condenser Films with code words such as V-1, V-2, V-3, etc. shall also contain against each such items the corresponding quality description as specified in the Government Press Note to facilitate correct assessment of the quality during preshipment inspection.

OTHER CONDITIONS FOR EXPORT OF PROCESSED MICA

Any shipment of mica of any variety other than 'Fabricated Mica' will be permitted only if irrevocable letter of credit to the extent of 100 per cent of the invoice value of the goods (which will include the export duty) has been opened in favour of the exporters. To facilitate settlement of claims as between the foreign buyers and exporters, the following arrangements will continue to be in force :—

- (a) While the foreign buyer will open irrevocable letter of credit in a Bank in India for 100 per cent of the invoice value (which will include the export duty) the letter of credit should include a special stipulation that not more than 95 per cent of the amount will initially be payable to the exporter and the balance (of 5 per cent) will continue to be held (in the bank in India) for a period not exceeding six months from the date of shipment, within which the said balance would remain available for settlement of any claims arising.
- (b) Any claim arising from causes other than the question of quality including size (that is, from causes such as short weight, breakage, pilferage, penalty for late shipment etc.) as are raised by the buyer and admitted by the exporter, will (upto a limit of 2 percent for the invoice value) be allowed to be adjusted in favour of the buyer by the Reserve Bank of India, against the aforesaid balance of 5 per cent on application being made by the exporter. Such application should indicate :
 - (i) Name and address of the exporter;
 - (ii) Name and address of the claimant (foreign buyer);
 - (iii) Number of the G.R./E.P./P.P. form on which the export was declared;
 - (iv) Invoice value of the goods exported supported by a certificate in original from the authorised dealer through whom the proceeds have been realised to the effect that the full export proceeds have been received in India in an approved manner;
 - (v) Grounds on which claim has been made;
 - (vi) Amount for which claim is proposed to be settled (supported by the original Debit note, if any received from the claimant);
 - (vii) Basis on which the amount of the proposed settlement is calculated, supported by the original sale Contracts as well as Survey/Inspection/Analysis weight Report (whichever is relevant to the type of claim) or in the case of penalty claims for late shipment, copy of the related Bill of Lading; and
 - (viii) A brief history stating the circumstances in which the claim has arisen and enclosing the original correspondence exchanged by the exporters with the parties concerned regarding the claim.
- (c) This application should include a formal declaration by the exporter that the particulars given by him are correct and confirming that the exporter has not already paid the claim or adjusted it in any other manner.
- (d) In case the exporter is unable to produce, any of the requisite documents, he may explain suitable reasons for his inability to do so and enclose a recommendation from the Export Inspection Council in support of his claim, such recommendation will not be required where the requisite documents are produced by the exporter.

- (e) Claims arising from the above mentioned cause but of a higher value than 2% of the consignment value or arising on account of quality of mica (including size) should be settled by directly negotiating with the buyers. In case no settlement is reached by direct negotiations then the claims will be adjusted by a special panel constituted by the Indian Council of Arbitration.

The application of the exporter in regard to such claims should apart from the same details and documents mentioned above, be supported in addition by the signed copy of the settlement reached by direct negotiation or by the said panel's award in original (with a certified copy thereof); if the application is documented in this manner, the adjustments/remittance required to settle the claim will be allowed by the Reserve Bank of India.

ANNEXURE 'G'

ANNEXURE VI

FLOOR PRICES FOR COIR YARN, COIR MATS AND COIR MATTINGS

General Conditions

1. Calculation of Price

(a) The prices notified are only the basic f.o.b. prices for various items in plain natural colour. To arrive at the actual f.o.b. price of any particular item, the extra price for "embellishments" applicable should be added to the basic price of coir yarn, coir mats and coir matting as the case may be.

(b) "Embellishments" mean any addition made to the basic product to make it more ornate, graceful or decorative and include such items as (i) twisting, bleaching etc. in the case of coir yarn (ii) colouring, use of sisal etc. in the case of coir mats and matting. For full details of embellishments and prices to be added refer Annexures I, II and III.

(c) Any embellishment not covered in the Annexure should be got approved by the competent authority before export.

(d) The basic f.o.b. price of coir yarn in the baled form is inclusive of the cost of new hessian for packing.

2. Calculation of freight

(a) The gross freight should be taken for calculation of freight in all cases.

(b) In the case of coir yarn in non-baled form 2% extra towards freight should be added to the gross weight when gunny is used for packing.

(c) In the case of coir yarn in baled form 4.67 per cent of the net weight may be added to find out the gross weight.

3. Agency Commission

The basic price of all items, except coir yarn in baled form, is exclusive of any agency commission. In the case of coir yarn in baled form, 4% agency commission is allowed within the basic price. If agency commission over 4% is payable, the difference should be added to the basic price. But if no agency commission is payable, no reduction in the basic price is allowed.

4. Interest for delayed payments

For delay in payments beyond 60 days interest @ 2% per month will have to be collected from the buyer for the actual number of days of delay beyond 60 days. Delay for purposes of realisation of interest will be reckoned from 60 days of the date of Bill of Lading to the date of payment of the amount by the agent/buyer to their bankers abroad and for which documentary evidence from the Foreign/Indian Bank should be produced within two months from the date of payment of the bill.

5. Insurance

Insurance charges, if included in the contract, will be calculated @ 1/2% of the quoted price.

6. Quoting of Prices

The prices quoted should be limited to two decimals in lowest denomination of the currency.
